

EXYRIUM
excellence for IT

EXYRIUM is hiring!

Supporting our team, we are currently in search of a junior IT-consultant (m/f/x)

What we have in store for you:

- Support of our customers in co-operation with a mentor in the development of technical, organisational and IT-specific solutions, for example by means of a concept on the basis of a set of specifications or requirements
- Integration of third party technologies / project results into our customers' processes and IT-infrastructure
- Assistance in the development of project plans and support with project organisation / management and in the planning of resources, partially in virtual teams.
- Analysis and documentation of existing projects with subsequent technical process optimization

What we expect from you:

- an interest in and first professional experience with the latest development- and operating models
 - Agile software development methodology like SCRUM or Kanban
 - BizDevOps
- an interest in state of the art infrastructures (Cloud technologies, Always Online and on premise)
- Basic knowledge in programming (preferably Java)
- Basic understanding of databases and SQL
- a capability for analytical and conceptual thinking
- completed studies of (business-)informatics, project management with focus on IT or a comparable education. Alternatively: Training of the required knowledge and skills on the job
- good knowledge of German and English complete your profile

What we offer our team:

- an open-ended employment contract
- attractive rewards (holiday pay and Christmas bonus)
- 30 days of paid vacation / up to 10 days of paid educational leave per year
- an individual mentoring program

If you have any questions, please fire away under +49 8168 38 29 79 4 or via email at hr@exyrium.com
